MARY ELLEN DONAHUE
CLERK OF SUPERIOR COURT
By Deputy

Honorable Judge Conlon

Your honor, This is not a letter to ask for mercy in my present case nor is it to either confirm or deny any allegations against me.

The reason for this letter is simple. I am asking the court and yourself for help. I have been out of prison for almost two and a half years and have been doing good up until just recently. I have completed parole with no dirty U.A.s. I have been on probation with the feds for 2.5 years without a single dirty U.A. and have had 3 dirty U.A.s with state probation. Also never had a dirty U.A. in prison. All this with never having had any drug classes or rehabilitation of any sort other than the SAGE class everyone takes upon release from prison. I have had a problem with mental for the last 16 yrs of my life and would like help or rehabilitation instead of another prison sentence.

Thank you for your
Time
